1a. 15 additions to the provincial tally of deaths on previously reported dates
By date of death

Source: IPMS, provincial EOC Line list & accounts from labs and hospitals

15 additions are being made due to two reasons:

- Suspected patients for whom swabs had been collected post-mortem were only reported after confirmed positive result was received
- Some deaths were reported at district level but not at province – these records have now been added to province tally after reconciliation
