## Preparedness, Response & Updates:

1. Team from Health Directorate met with Medical Director of Lady Reading Hospital for establishment of High Dependency Unit for any suspected cases of COVID-19
2. All of the 16 suspected cases in Khyber Pakhtunkhwa so far have resulted negative from the laboratory
3. Alert of suspected COVID-19 was generated from Abbottabad and investigated by a team from DHO office where he was declared healthy and free of disease
4. With emergence of COVID-19 cases in Iran and Afghanistan, screening of all passengers entering to Khyber Pakhtunkhwa from Iran and Afghanistan through any means is enhanced
5. As a high vigilance measure, 32 Persons who travelled from Iran in last 14 days have been contacted for presence of any signs and symptoms

## Advice for Public:

1. Avoiding close contact with people suffering from acute respiratory infection.
2. If you have fever, cough and difficulty breathing seek medical care early.
3. Frequent hand washing especially after direct contact with ill people or their environment
4. People with symptoms of acute respiratory infection should cover their coughing and sneezing with disposable tissue and practice hand washing afterwards, if you don't have a tissue cough or sneeze into your upper sleeve, not your hands
5. Avoid frequent travel and crowds
6. Within healthcare facilities enhance standard infection, prevention and control practices
